

HERE'S the POINT

By SPENCE FIELD

Unaccustomed as I am to public precipitation, I thoroughly enjoyed Monday's rain and even ventured out in it at times.

Along about 11 a.m., I got Charlie Freeman to drive me over to see the Catalina River. This river, normally dry, was in full flood and the sight was well worth our trouble.

We drove east on Voltaire St. to reach the river at its mouth. There, the brown torrent came roaring down its paved channel bank to bank (or curb to curb, if you prefer), spreading out on Voltaire to form a fair-sized lake.

Brother Freeman, an intrepid river pilot, turned southward and headed upstream. Ours was the only "boat" moving against the current although several came whooshing toward Voltaire, their bows throwing up sheets of spray.

The curving brown torrent, rushing lengthwise down Point Loma, was fed by side creeks and streams at every block. Freeman performed fancy feats of navigation to avoid the main current and negotiate the shallows.

Finally we turned west and drove to the top of the ridge; heading north, we reached Brighton Ave. And there, wading gleefully in the street, was a big white duck having itself a time.

Yeah, and Al Wolf, our fishing expert, had his boat with him at the PENINSULA NEWS Monday and Tuesday in case we needed it. It was parked in the back of the printing shop. Of course, it's just possible that Al had it there for varnishing.

How did you like the earthquake?

I'm a night owl and was reading peacefully along about 1:55 a.m. Friday when the house began to shake. Doors and windows rattled, the floor heaved, and the house swayed back and forth.

Frankly, it scared the whey out of me. I had been reading in last week's Post about the tremendous quake of 1950 in Assam-Tibet, and that didn't help the situation any. With live nerve ends sticking out all over me like lighted cigars, I hurriedly turned off the gas furnace.

(I remember turning off a kerosene heater in 1933 when we got the dying ripples of the Long Beach earthquake.)

Knocking on wood with both hands, it's only fair to inform recent arrivals that San Diego never has had a major disaster of any kind. Neither fire, flood nor earthquake. And it's the only large city in California which can make that claim.

Los Angeles contends it suffered no damage in the 1933 quake—which, of course, is hokey.

And how about the "escaped" black panther? The L. A. papers headlined it; hundreds of people said they saw it; grim-faced and heavily-armed constables went on safari; mothers kept their kids home from school—and all the time the panther was safely caged in Phoenix or somewhere.

Maybe it's the Hollywood influence, but that could happen only in Smog Center.

Ralph Cloyed Will Run For State Senate Seat

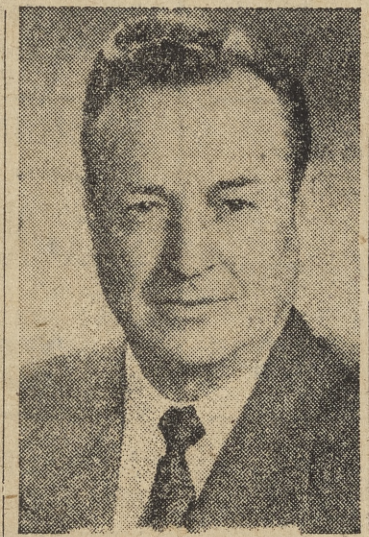

Ralph R. Cloyed, 80th District Assemblyman and widely-recognized leader of San Diego County's legislative delegation, announced yesterday that he is in the race for State Senator—and I am going to work hard to win.

The veteran Republican lawmaker, three times the choice of both major parties in San Diego County to represent them in the State Capitol, has taken out official nomination papers for the 40th Senatorial District race. He said he will cross-file on the Democratic ticket.

Cloyed, a businessman who has been devoting his full time to legislative duties, responded to a countywide demand that he seek the Senate seat. More than 200 citizens, representing both the grass-roots organizations and political leadership, called on Cloyed to make the race after he had announced that he planned to retire from politics this year.

Cloyed is the author of the legislative resolution which started the statewide investigation of liquor law abuses. He worked closely with the Legislature's special fact-finding committee, the Weinberger Committee, on the subject and aided in developing the hard-hitting report which called for extensive liquor law reforms.

He fought continuously last year to get San Diego County a fair share of increased highway revenues for the construction of

RALPH R. CLOYED

badly-needed highways and freeways. His efforts helped work out a formula which means an additional 25 million dollars for San Diego County over the next 10 years.

The Chula Vista led the fight for creation of a special legislative committee to develop an effective program for the better utilization of the San Diego Bay area and for the establishment of small boat harbors along the California coast. He is now chairman of that committee.

Cloyed is married and the father of two married daughters. He is a member of numerous civic and fraternal organizations in San Diego County.

Smooth Woman Burglar Invades Ocean Beach

A smooth, brassy woman burglar entered the local crime picture this week along with prowlers who broke into a school, and raided a lathhouse and stole a telescope. A couple of car crashes also were listed by police.

The woman, described as tall and about 24, wearing blue slacks, was discovered in the home of Eldon O'Neal, 4848 Del Mar Ave., Sunday afternoon when he returned home. She had a coffee maker in one hand and a flatiron in the other; she talked her way out of the house and got nothing in this "job".

At 4881 Santa Cruz Ave., Lloyd Quick reported his home had been entered and a small amount of currency stolen. Comparing footprints, police decided the same woman was responsible.

Bruce Engman of 4592 Alhambra St., reported that someone climbed onto the roof of a lath-

Fishing Fellas Go For Yellas

Although wind and rain broke up dress rehearsals scheduled last week-end, deep sea anglers shrugged off the setback and eagerly were awaiting the official kickoff in the \$25,000 San Diego Yellowtail Derby Saturday morning at 2:30.

Committeemen for the sponsoring Junior Chamber of Commerce had the final details for the opening day ironed out early this week and already had begun to lay plans for the staging of the first derby day, scheduled to follow in six weeks.

As a matter of fact, the entire derby pattern appeared to have found favor with fishermen, who expressly put the stamp of approval on the prizes at stake, the decision to hold four separate fishoffs at six-week intervals, and the inclusion of bluefin tuna and albacore as eligible fish.

As the launching time for the derby approached, the big question seemed to be what effect the series of rain storms would have on opening day fishing. Veterans of rod and reel believe it would be little provided the last two or three days preceding the derby opening are fair and warm.

Eight Lomans Winners Of Achievement Awards

Eight students of Point Loma High School have been named winners of Bank of America Achievement Awards, it was announced yesterday.

They were selected in the first step of a program in which the bank will divide \$17,600 among 60 top senior students from high schools of the southland. Other awards are 500 gold cups and 1,500 achievement certificates. The awards are to bring public recognition and encouragement for achievement in scholarship, leadership, and promise of future service to society.

Cup winners in their general fields of study, who also won certificates, from Point Loma High, are as follows: Arthur R. Sherwood, science and mathematics; Robert Cancelosi, fine arts; Charles D. Husted, liberal arts, and Sylvia Diane Willardson, business.

Certificate winners in their specific fields of study are: John D. Eberhardt, mathematics; Richard D. George, English; Nancy A. Wright, social science, and Tiago J. Goularte Jr., trades and industrial.

Most of the cup winners next will compete against cup winners from 17 other high schools of this zone, April 22, when they appear before a judging panel of civic leaders. The panel will hear the students in group discussions of their studies as related to im-

portant topics of the day, and will name the zone winners.

All zone winners will receive cash awards ranging from \$100 to \$1,000, the amount of each being determined when the zone winners appear before a final board of civic leaders, in more group discussions. The final judging will be held May 20 at University of Southern California.

Red Cross Workers Are On The Ball

"You are doing a grand job, but the last two weeks will be the hardest," B. F. Coggan, campaign chairman, told the volunteer workers at the second report luncheon of the 1954 Red Cross campaign, at the Armed Services Y.

"We will just have to dig deeper for the remaining 50 percent."

Mrs. Betty Marshall Graydon, campaign vice-chairman, announced that Mrs. L. L. Bloomenshine was one of the volunteer workers who went over 100 percent of their goals. Her mark was 110.8 percent.

Anyone who has not been contacted may make his contribution by calling American Red Cross headquarters at CY 5-5121.

Next report luncheon will be held at the Armed Services Y Monday, March 29.

Highway Patrol Officer Runs For Sheriff

BILL HOWELL

Because he believes the office of Sheriff of San Diego County needs a "complete overhaul," William F. "Bill" Howell, 42, of 3823 Ray St., San Diego, has announced his candidacy for that office.

An officer with the California Highway Patrol in San Diego County since 1935, Howell was graduated from San Diego High School and San Diego State College. He is a member of the Church of Latter Day Saints.

"One of the most serious flaws in the current operation of the Sheriff's office in San Diego," Howell said, "is the complete lack of a juvenile division to handle the alarming number of cases in the County involving our youngsters. This is a problem requiring immediate attention."

"There is a need for closer surveillance at the international border on a year-round 24-hour-a-day basis, and not just at election time."

Other items in Howell's platform include a program of decentralization to effect savings of "money and man hours now being wasted," and the organization of a colorful Sheriff's Posse among the horsemen of San Diego County.

The Posse, Howell said, could be used in various functions around the County and any funds received could be utilized for child welfare and juvenile delinquency.

Howell, who has taken a leave of absence from the Highway Patrol to campaign for election, lives with his wife, Alice, and his seven-year-old son, Jeffrey, in their home on Ray St.

O. B. Chamber Fights for U.

The Ocean Beach Chamber of Commerce will conduct a rapid-fire one-day campaign tomorrow to raise funds for California Western University, Harry La Dou, Chamber president, reported yesterday.

With Joe Richardson as campaign chairman, each of the 12 Chamber directors has been named captain of a two- or three-man team to be picked by himself. These teams will contact all business people in the Peninsula area tomorrow (Friday) following a kickoff breakfast at Sulek's Donut & Waffle Den on Newport Ave., La Dou said.

"The business people in this area," he continued, "stand to gain the most from development of Cal Western as a great cultural and economic asset to the community. Brochures explaining the University's program have been mailed to all business establishments here in preparation for Friday's campaign."

La Dou reported the Ocean Beach Chamber raised \$129.61 for the University at a dinner there March 17. This was immediately turned over to the institution, he said.

They Jump Fence Into His Yard

F. R. Perkins, of 4744 Santa Monica Ave., in a letter to the Ocean Beach Chamber of Commerce, says he lives next to the Community Center and "every time a meeting takes place I have to chase people out of our yard."

He added: "They play between our house and the Center but decide to jump the fence, or what's left of it, into our yard. I have taken some back to their parents and complained to the police."

"Since they are spending money improving the south side I suggest they put money into a fence along the sidewalk south of the building. These kids have weakened our fence so badly it will not stand any more repair."

"I suggest that they complete the wire fence they have on two sides now. If something isn't done soon, I will be compelled to take it to court."

The recommendations are:

1—Installation of satisfactory toilet facilities.

2—Lengthening of the present ramp into water deep enough to handle small cruisers during a minus tide.

3—Widening the present ramp to not less than 50 feet to facilitate haul-out of runabout cruisers. "The present situation is generally considered dangerous to life and property."

4—Installation of a breakwater to break the current and incoming wake from passing ships and boats. "The present situation is proven unsafe and destructive."

5—Installation of a float or floats to facilitate the safe loading and unloading of passengers and equipment. "This could very easily be installed inside the afore-mentioned breakwater."

6—Placing of convenient refuse cans to help eliminate the litter and trash problem.

7—Provision for washing boats and motors at the ramp.

The Outboard Boating Club will hold a membership drive meeting tonight (Thursday) at 7:30 in the Conference Building, Balboa Park. Members are asked to bring prospective members or their dues—after April 1, an initiation fee of \$25 will be charged. A movie will be shown and refreshments served.

Primitive Peoples Subject Of AAUW Talk On March 26

An on-the-scene report of his mission to the twentieth-century aborigines, the little known Santal tribe of India, will be given by Philip Geary, chaplain U. S. A. R., Fellow of the Royal Geographic Society, at the general meeting of the San Diego branch of the American Association of University Women at 1:30 p.m., Friday, March 26, at the San Diego Woman's Clubhouse.

Mr. Geary's inside knowledge of the language, customs and folkways of the Santals gives an introduction to one of the planet's strangest tribes. His title, "Flowers In Her Hair", rises from a simple adornment used by the Kuri Houpon woman whose freedom is in direct contrast with the covered heads of Hindu and Moslem women.

A graduate of Gordon Seminary in Boston, Mr. Geary attended Ashland and Juanita Colleges. Following his mission to India he became a chaplain in the U. S. Army.

Peninsula area members who will assist during the hospitality hour will include Mrs. J. B. Askew and Mrs. Thomas J. Burke.

Qui Vive Club Dance March 27

Dig this crazy "mixed up dance" planned by the Qui Vive Dance Club for Saturday evening, March 27, at the Wednesday Clubhouse.

"It's the result of income taxes," explained the committee chairman, Mr. and Mrs. Raymond S. Whalen. "We lost our heads along with our shirts and now we're all mixed up."

Decorations will be all mixed up, too, and "tis rumored the music will go berserk during the mixers entitled "Slip Away," "Bumpsadalsy," and "Ballroom Dance."

Helping to mix things up in general will be Messrs. and Mmes. William Carrier, Don A. Smith, Virgil Moffitt, Lauren Clapp and Bert Gross.

Alpha Gamma Delta To Give Unique Benefit

Calling all hostesses! How long is it since you gave a party? Do you entertain with ease? Are you confident enough to relax and enjoy your own party? These important questions will be answered when the Alpha Gamma Delta social international fraternity stages its annual philanthropic benefit party, March 27, San Diego Woman's Club, according to Mrs. William Kearns, chairman. Guests are asked to arrive at 12 noon for lunch and then the program will be staged, "How to Give a Party Show". In cooperation with a local department store the alumnae club, the alumnae chapter and the Delta Eta active chapter of Alpha Gamma Delta are presenting Dinah Grace nationally known party giver and hostess for the first time on the West Coast. This show has been staged in all the larger Eastern cities with much success and comes direct from New York City.

Dinah Grace is presently on tour throughout the major cities of the United States and Canada with the slogan, "The Proof of the Party is in the Pleasure" for the hostess. Easy and fun ways of entertaining will be featured by this dynamic hostess and party-giver—Dinah Grace. She is a noted radio and television personality and has appeared on countless programs and in motion pictures.

Alpha Gams are offering this unusual luncheon-dinner party to assist in raising funds for their altruistic project—aid to the cerebral palsied with special emphasis on the crippled children and adults. The fraternity offers its financial services both internationally and locally with several groups. Literally hundreds of Alpha Gams are giving many hours of professional and volunteer service in their own communities. The fraternity is

Mrs. Frank Les Tina, "the story book lady," was a stimulating guest speaker at the regular monthly meeting of the Ocean Beach Juniors March 15th.

The amusing stories relative to her early business career kept members and their guests chuckling long after she had departed. It is easy to understand why Mrs. Les Tina is so popular with the story book set. Her genuine interest in people, large and small, is readily apparent. This is her third appearance as a guest speaker to the Juniors.

Two new members were welcomed to the club. Mrs. Paul Wm. Athan and Mrs. Donald Short. The latter is a transfer from the El Segundo Junior Woman's Club.

Mrs. Esther Gray Returns Home With Seeing Eye Canine

Mrs. Esther Gray, 4841 Cape May Ave. in San Diego graduated Saturday from the Guide Dogs for the Blind, Inc. training school in San Rafael, California, and, for her, a new life will begin on that day.

Mrs. Gray, who keeps house for her husband and two children, arrived home from San Rafael on Sunday with the closest thing to a new pair of eyes man can devise: a polished black Labrador Guide named "Bambi."

"Bambi" will take Mrs. Gray anywhere she wants to go, including downtown San Diego where the traffic is heaviest. And, she will do this without placing Mrs. Gray in the slightest danger.

"With Bambi beside me, I feel I can do anything any sighted person can do, including the shopping for the family, the housework and cooking, and—best of all—I can call on all my friends without asking someone to lead me around. It's the greatest thing that ever happened to me," she said.

The Guide dog organization provides dogs and the training to use them free of charge to blind veterans and civilians in the 22 western states. It is supported entirely by individual contributions.

Ladies fur coats and their remodeling and cleaning was explained in an informative talk by Millard Winkles of Millard's Furs to the Kiwani-Annes of Ocean Beach at their March meeting, held March 16 at the O.B. Woman's club-house. Following the talk the many questions asked indicated the interest taken by the women in subject of furs.

The tables set up in the newly decorated club-house were beautiful with stock and daffodils, both from the garden of Mrs. Harold Thoma.

Plans were made for the group and their husbands to attend the Old Globe theatre April 1 to see the play, "Cheaper by the Dozen."

Dick Wheeler is the architect responsible for the beautiful office building on Cable Street and St. Monica Avenue occupied by David Pain, Attorney, and Joe Kenneally, Accountant. Looking on the inside, the woodwork and cabinets are of Philippine mahogany, which incidentally, is only a sample of David's and his father's handiwork. These offices are without a doubt a worthy addition to our community.

Wearing of the green... James May was seen sporting a green shirt, green tie, green sport coat, green suede shoes and Shamrocks forbid!!!... Green Mustache!... From all observation, we believe Jim should receive the Grand Prize for the day!... Robert Leanders phoned wife Martha from Guaymas, Mexico last week. It seems his fishing boat, the Santo Margarita blew a valve (stop me if I'm wrong) and they were stranded. Time was a big issue, so Father, John Leanders, scouted around and got the necessary item which he gave to Martha. Brother Gene drove her down to the Tia Juana Airport where she boarded a plane for Guaymas, but upon arrival she found the valve part had been left back in Tia Juana! Looks like our Airport amigos were taking a siesta long about that time!... Edith Christopher relates she felt the earthquake early last Friday morning but went right back to sleep. This, she claims, was a sign of a clear conscience! However, husband Dick's reply to that was: "A hardened criminal might have the same reaction!" That accounts for the worried look on Edith's face!

The Valee's are busy as bees these days since purchasing the Connoisseur Restaurant in La Jolla. Remodeling is now under way, and they have hopes of opening May 1st. The carpentering will be black background with driftwood design in coral, yellow and turquoise. Booths will be done in coral, and an aquarium will decorate the back-bar of the cocktail lounge. After so many drinks, you can swim around with the fishes!... Lot's of luck, folks.

Let's give some thought to a change of theme for Daz-O-Fun. For instance... How about "Navajo-Western"? This theme has scads of publicity possibilities. The ladies apparel could run to peasant blouses, squaw skirts, etc., and the men's to western outfits. All proceeds over and above expenses would be given to the Navajo Indian Relief Fund which in itself would create publicity for us, and undoubtedly would attract Hollywood stars of Indian origin... If you like the thought, or have a suggestion of your own, how about calling me? (This idea was submitted by one who wishes to remain anonymous.)

Thanks for your many calls and comments, friends. Phone them in to AC 3-7232.

Mr. and Mrs. J. C. Graham, and Mrs. Graham's sister, Miss Dorothy Rimell, of San Diego are now settled in a home in the 2100 block on Venice street. The family have lived in Ocean Beach most of their lives. After being away for one year they are happy to be back home.

Mr. and Mrs. Carl Robertson and family last week moved from 816 Cordova street to the Baron Long Indian Reservation, near Alpine. Mrs. Robertson (Rosalee) is well known here for her work with her people—the Indians on the Campo reservation that have been so desperately in need of clothing and blankets. For the convenience of the many who wish to contribute clothing they may leave them at 2303 Seaside Street, and a San Diego friend, of the Indians will take the articles to the reservation. Your columnist years ago lived close to Rincon and Pala reservations and being familiar with the plight of our first citizens, is glad to help them in this way.

Lt. Comdr. James C. Stevenson and Mrs. Stevenson and their three children, Jim, Christine and Susan of Monterey, California, just moved into their home here in the 4700 block on Adair street, when Commander Stevenson left the early part of this month for eight months duty in Japan.

Archie Everett for several years connected with a Point Loma real estate office, this past week became affiliated with the Bay Shore Realty Co. on Voltaire street. Mr. Everett is a resident of Ocean Beach living on Granger street.

Mrs. Beatrice A. Stigers, of Evansville, Ind. and Mrs. Ethel Warner of Monrovia, Calif., have moved into their own home in the 4400 block on Pescadero avenue. Mrs. Warner just arrived here from Indiana last week.

may enter either from Voltaire of Muir. Although the beach is almost within reaching distance, the homes are well built and very attractive. Among those recently moving there is Mrs. Helen Jones of Seattle, Wash. who owns one of the new triplex.

Mr. and Mrs. T. N. Houk and young son, Steven, moved here from Spring Valley, purchasing a home in the 3800 block on Wildwood Road.

Mrs. Allen Kendall of 3128 Macaulay street, was the guest of Mrs. R. Rutter at the Hotel del Coronado this week at a luncheon and millinery shower. The luncheon given was honoring wives of navy captains. Mrs. Rutter is the wife of Capt. R. Rutter, skipper of the USS Nobel. Dr. Kendall is the medical officer aboard.

Dr. and Mrs. J. Vernon Scott were hosts in their La Jolla home Tuesday evening at cocktails and dinner. Covers were laid for Capt. and Mrs. R. Rutter, Comdr. and Mrs. J. R. Waldman, Dr. and Mrs. Allen Kendall and Ensign and Mrs. R. Connelley, Peninsula residents.

Mrs. Hugh Thane, 4659 Tivoli street, left this week for a visit with her parents in Fort Worth Texas.

Mr. and Mrs. Glen Cords and family, 3444 Coronado Avenue, were in Los Angeles on business the past week-end. Almost up until the time of their departure for the northern city, Mrs. Cords was helping children dress up their wheeled toys for entry into the Community Center Parade of Wheels, of which she is chairman.

What "gay" blade was seen about town on Sunday in plastic raincoat? "Gay", of course—that beautiful collier of Mrs. Blanche Cameron's in a specially fitted rain coat of his own.

The TV concern that for several months has been located on Voltaire street, has moved into the former Swap and Shop store on Newport Avenue.

Mr. and Mrs. Herbert Dickard and children, Kinta, Dick and Candy, of Wichita, Kans. are the owners of the property at 1450 Alexandria Drive. Mr. Dickard is the Pre-design engineer at Convoir, and was formerly with Beech Aircraft.

One of the real new interesting developments in Ocean Beach are the new homes in the 5100 block on Muir avenue. The tract winds around and one

Mr. and Mrs. James M. Anderson and daughters, Cecily and Christy, came here from Van Nuys—as for Mr. Anderson he really returned home. He attended high school at Point Loma. For years they hoped to return here, and now are living in the 4000 block on Bernice Drive.

A small store building is being erected on Sunset Cliffs Blvd. near Point Loma Avenue, and according to the owner, Frank Nasso, nothing as yet has been planned for the building. Also along that end of town, is now located a watch maker's office.

Mr. and Mrs. James Sampson and children Chris, Jill and Susan will be visitors here this week end to attend the Sunset View PTA talent show, "Sunset Round-up". Mr. Sampson is a former Naval Electronics Laboratory engineer and his wife was president of Azure Vista PTA before they moved to Los Angeles a few months ago.

Mr. and Mrs. George David Jensen, 4284 Orchard St., have a new baby daughter. Mrs. Jensen's mother is visiting them from N.Y.

"Coffees" Prove Of Interest To Women Voter Group

Thursday, March 18, at the home of Mrs. Robert Stanforth, La Cresta Drive, the Point Loma Units of the League of Women Voters of San Diego, held the first two "coffees" to give information about the league.

Mrs. F. D. Gegax, Jr., a member of the Board of Directors, briefly sketched the background and purpose of the league. Mrs. Ormal Sprungman and Mrs. John Atwood explained the non-partisan nature of the league.

Lecture Series To Open Tuesday

Opening the fourth spring series of "Adventures In Living" lectures, designed to increase enjoyment of the present by highlighting past customs and consequences, philosopher John Robert Clarke will speak on "Socrates and the Cost of Living," eight p.m., Tuesday, March 30, at the Old San Diego Chamber of Commerce Hall.

"You cannot easily be neurotic and Socratic at the same time," says Mr. Clarke. "To know the life and death of Socrates is not only to love him, but also to find new fuel to burn away the fears and conflicts within us. It is insufficiently known that to look backward is to bring our strength forward. Exploring the streets of the past, where there were no dials to turn, no rapid car to take us to the cinema, we gather fresh ideas for living and doing, whose worth is seldom guessed by those who will not leave their dedicated place at the shrine of the television."

Other lecture titles and dates are: April 6, "Witchcraft and the Kindly Dark Ages;" April 12, "The Psychology of Jealousy;"

April 20, "Montaigne and the Second Golden Age;" April 27, "Hamlet and the Idea of Tragedy;" May 4, "Of Mice and Women;" May 11, "An Evening With John Keats;" May 18, "Jung—The World of the Unconscious;" May 25, "Modern Woman and Dr. Kinsey;" June 1, "How To Know What We Believe."

Clarke has lectured from Boston to Miami Beach, and from San Francisco to San Diego, where his most recent series was approved by the Board of Education for teachers' Institute Credit.

Lectures are open to the public at a nominal donation and are followed by coffee and discussion.

Have you designated a guardian for your children?

Little Billy and Mary were too young to know that they were orphans. All they now realized was that Daddy and Mommy were not around any more. And Uncle William, a brother of their Daddy, and Auntie Ethel, sister of their mother, were in and out of the house a lot more than ever before.

Little Billy and Mary didn't exactly like Uncle William and Auntie Ethel—although Uncle William and Auntie Ethel tried to be warm and friendly. They didn't know that one of them would soon be going to live with Uncle William and that the other would soon be going to live with Auntie Ethel. They didn't know that they would rarely see each other again—for Uncle William and Auntie Ethel were not on what you might call the best of terms. They lived differently, thought differently, acted differently and lived some distance apart.

It wouldn't be until little Billy and Mary were much older that they would realize the reason for all these new arrangements lay in the fact that Daddy and Mommy ever got around to making their Wills. They were separated from each other because Daddy and Mommy had not thought it important enough to leave special instructions in a proper form telling the Court who should care for Billy and Mary—just in case . . . and now, it was too late. The Court had to decide what Daddy and Mommy had not decided.

Naturally, Auntie Ethel and Uncle William had good argu-

ments for taking one child each—they wanted and could rear one; each would like to have both, really; but there was the matter of adequate income to care for two children; the Court reluctantly appointed Uncle William guardian of one child and Auntie Ethel the guardian of the other child.

If you have not left proper instructions in a properly drawn Will, you are leaving to Chance and Circumstance the decision as to who would rear your child, or children, in the event you two parents should not be around to see the children grown up. If you haven't properly provided for a guardian for your children, you probably have not thought it important or, perhaps, no one has called to your attention how important it could be. Now is the time to make these conditional arrangements for your guardian while you "know" it really isn't necessary. "An ounce of prevention is worth a pound of cure."

You can attain a high new Peace of Mind now if you will make sure your life insurance is tied in with your Social Security (or pension plan); that the distribution of your property is provided for by a Will drawn by your Attorney; that you have provided for a Guardian for your children and how the children shall receive the benefits of your life insurance, Social Security, and property. Do it now, for . . .

"The Moving Finger writes. And having writ, moves on. Nor all your piety nor wit can lure it back to cancel half a line; nor all your tears wash out a word of it."

Van Stelle Realty Announces Sales

New sold signs have appeared on the property of Mr. and Mrs. Howard J. Ehle, 4545 Niagara Avenue, and also on the home of Mr. and Mrs. William Cochran, 4742 Adair St. The Ehle home was purchased by Mr. and Mrs. Richard Thorpe, formerly of Del Mar Avenue. Mr. and Mrs. Wm. G. Adcock of 4725 W. Pt. Loma Blvd. purchased the Adair street home. Both sales were made by the L. Van Stelle Realtor.

In addition the firm announces that just thirty days after they started their large project in North Clairmont and to date have sold over 100 units at \$600 down. This necessitated the opening of a temporary office at Jutland and Jemez streets in Clairmont.

First Graders Try Self-Government

Self-government might work well in high school or even in Junior High School, but is it practical for beginners—six and seven year olds?

The first graders in Room 2 at Sunset View School are discovering the value of self-government at their level. First, they drew up a set of five standards to apply in their room at all times. Second, they elected officers to see that the rules were enforced. President is Glenn Holmes, and Vice-President is Betty Allen.

They didn't forget to follow through with plans for reminders to be given to anyone who should forget to follow the class accepted standards. "Babies? Not with minds that do such good adult thinking! Room 2 is taught by Miss Elva Drake.

Workmen Contribute To O. B. Club House

The members of the Ocean Beach Womens Club are most grateful to three businessmen. . . . Just recently the club house was refurnished throughout and is now one of the most up to date meeting places in the entire city.

Work was completed on the project after hours of planning and making decisions by the Improvement Committee headed by the club president, Mrs. Sylvan Planson.

Ralph Marino, contractor; D. M. Stone, electrician and Don Sullivan, decorator, all completed the work on the house.

Mr. Marino and Mr. Sullivan called the chairman of the committee and informed her that they would finish the walls of the clubhouse in a texture finish to make them complete in appearance and more attractive. Mr. Stone then offered to put in necessary wiring and four eight foot lighting fixtures free of charge. The entire work done by the three costed \$300. The Improvement committee's chairman reported that they were so grateful for the gift from the three workers.

Members of the committee include: Edith Kenline, Mrs. F. F. Swan, Mrs. I. A. Hegerle, Mrs. F. C. Thompson, Hilda Baker and Minnie Wooley.

Royal Arch Masons Centennial Year Being Formulated

Nineteen fifty-four marks the Centennial Year of the Grand Chapter of Royal Arch Masons of the State of California and a year long celebration of this event is being planned. Activities will be held in the various places throughout the State of California. San Diego Royal Arch Masons are taking a leading part in this celebration as the present head of the Order in California, William Markle, Grand High Priest, is a San Diegoan and the opening event of this year of celebration will take place in San Diego.

On April 20, a dinner dance will be held in the Balboa Park Club to inaugurate the centennial year (a few tickets are still available to Royal Arch Masons). Lawrence Welk in person, together with his famous orchestra, will provide the entertainment, supplemented by numerous night club acts.

During the week of April 18-24, Grand Bodies of the Kork Rite, consisting of Grand Commandery, Grand Council of Royal and Select Masters, Grand Chapter of Royal Arch Masons, will all convene in San Diego and all San Diego and Imperial County Kork Rite Masons are urged to attend some of the sessions and to help in entertaining of the several thousand visitors who will be present in San Diego. Extensive plans are being made to make this a memorial occasion.

Women Needed In Army Reserves

Daily the need for women in the Regular Army as well as the Reserve becomes more apparent. There are many specialized fields in which women far outshine their male counterparts. Our military career women are daily meeting the demands for service, and at the same time building a secure future for themselves and their country.

The young women of San Diego, with or without prior service, may be able to qualify for enlistment with an active reserve unit. The individual must have passed her 18th birthday, and not yet have reached her 36th birthday. However, she may exceed her 36th birthday by the number of years of active honorable service in any component of the Armed Forces of the United States. Further, she may be able to qualify for a direct commission in either the Nurse or WAC corps.

The same opportunities for schooling, reserve pay, promotion, retirement pay, and other benefits, are open to you.

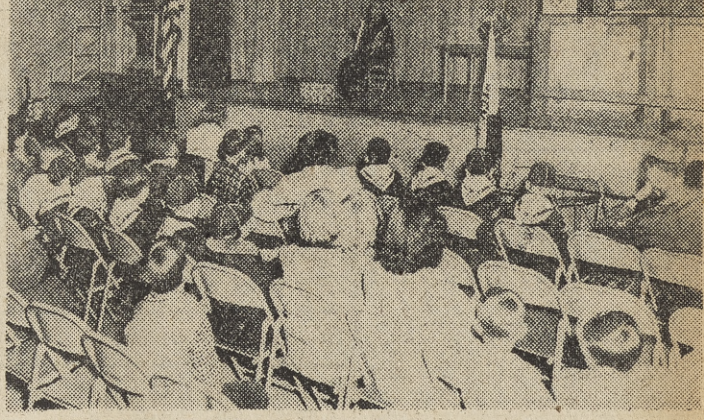

Should you be interested in affiliating with the program, it is suggested that you inquire for full details at your Army Reserve Training Center, Building 140, Fort Rosecrans, or call Academy 3-3168.

Beauty Shop Open On Pt. Loma Ave.

Point Loma avenue has a new business in its midst. The new concern is the Whyte Beauty Shop at 4723 Point Loma avenue.

Mr. and Mrs. Virgil Whyte are the owners. The local people reside at 4527 Narragansett avenue and have called Ocean Beach home since arriving here two years ago from Winona, Minn.

The business couple owned and operated a beauty shop and school in Minnesota before coming to the west coast. Mrs. Whyte was formerly employed in a La Jolla beauty shop. They have one daughter, Pat, who is a student at Dana Junior High.

Cabrillo School Stresses Week Of Conservation

The part which youthful citizens must play in the conservation of the vital natural resources of this country has been emphasized at Cabrillo School during Conservation Week.

A film pointing out California's wealth of resources was shown to all children on March 10. Donald Robinson, Department of the Interior, superintendent of the Cabrillo National Monument, showed the film and provided commentary.

The Cabrillo School Student Council joined in arrangements for the annual Arbor Day Assembly held Wednesday on the school grounds. Tree planting was a highlight of the program which also included original poetry and prose, as well as appropriate music.

Fathers' Speak Out. Fathers of children in Cabrillo Elementary School had their annual special opportunity to be heard at an amusing and provocative PTA meeting in the school auditorium on March 16. While fathers are always welcome and valued participants, they usually reserve their best efforts for this meeting, in the opinion of some mothers!

The business meeting was handled by Messrs. George Lauren, Jerry Pendleton and Tony Zarkos, acting for their wives. A panel of "experts" (fathers with at least three children) discussed problems of children and "problem children". Fifth-grade fathers "poured" during the refreshment and social period which followed the meeting, according to Dale Bowman, publicity chairman for the evening. Tom Shumaker and Dr. Homer Peabody were chairman for the evening. Fifth Grade Patrol Boys presented the colors.

Emergency power for your telephone

Once in a great while, because of storms or other emergencies, a telephone central office may be cut off from its usual source of electric power. But this doesn't interrupt telephone service. In your central office are special electric generators, run by gasoline or diesel engines. And they take over the job of charging the large storage batteries that supply the current to run the telephone system. Planning ahead for emergencies is another way we make sure you have dependable, low-cost telephone service when you need it. Pacific Telephone works to make your telephone a bigger value every day.

Coast-to-coast calls cost only \$2.50 plus tax

Just think—you can call clear across the country—for just \$2.50 plus tax. This is the day station rate for the first 3 minutes. Calls over shorter distances—to Chicago, Salt Lake City, etc., cost less. Still lower rates apply for all calls on Sundays and after 6 p.m. on weekdays.

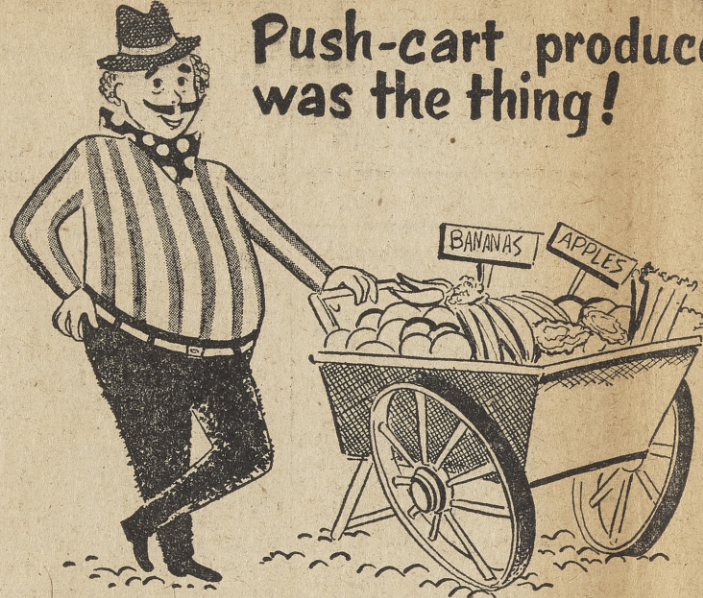

How you can enjoy even better telephone service

If yours is a party-line, you will receive even better service by following these simple points: When you have a series of calls to make, take time out between them. This gives other people a chance to reach you. Before you call, make sure the line is clear. And in cases where someone else has to make an emergency call while you're talking, the thoughtful thing is to hang up and call back later. Pacific Telephone.
